Ante Mortem Inspection and Country of Origin

We certify that all poultry based raw material used to make finished product has passed ante-mortem inspection by USDA or other governmental equivalent. This includes product produced at both of the following locations:

Pet Solutions Holdings, LLC
APHIS Number: AR-RA0-0007
10511 Gauge Rd.
Danville, AR 72833

Protein Solutions, LLC
APHIS Number: MO-BLO-0006
3800 E. 32nd St.
Joplin, MO 64804

Poultry products used to manufacture our items are all grown and sourced from processing facilities operated in the United States. These facilities operate under an active Grant of Inspection issued by USDA, Food Safety Inspection Service (FSIS).

To the best of my knowledge, the above information is accurate and true.

Sincerely,

A handwritten signature in blue ink that reads 'Karah Kinkead'.
