

S89 –Sensitivity Premium™ Milk-Based Infant Formula with ARA, DHA, 2'-FL, LNnT

**Claims:**

- DHA, Lutein and Vitamin E
- No palm olein oil
- Enhanced formula: Double the HMOs\* \*vs our single HMO formula
- Non-GMO\* \*Ingredients not genetically engineered

**Substantiation:**

- DHA, Lutein and Vitamin E – specified nutrients are added in the formulation via schizochytrium sp. oil (DHA), lutein, and vitamin E palmitate (*dl*-alpha tocopheryl acetate).
- No palm olein oil – palm olein oil is not added as an ingredient in the formulation.
- This is an enhanced formula because compared to the current Advantage formula, it contains two human milk oligosaccharides (HMOs), 2'-fucosyllactose (2-FL) and lacto-N-neotetraose (LNnT).
- Plant based ingredients in this formulation are not genetically engineered.
