Locations (Locales): Indicamos al sistema que nos muestre la información de todos los locales. (ALL STORE)

The screenshot shows a web browser window with the title 'K2 - Store Detail - Microsoft Internet Explorer provided by Wal-Mart Stores, Inc.'. Below the title bar is a navigation bar with the text 'REPORT WIZARD * Required Steps'. Below this is a series of numbered steps: 'Columns', 'Items', 'Locations', 'Times', 'Options', and 'Submit'. The 'Locations' step is highlighted with a blue circle and a red asterisk. Below the navigation bar is a main content area with a sidebar on the left and a main panel on the right. The sidebar has a 'Locations' header and a list of links: 'Stores', 'Traits', 'Warehouses', 'Store Filters', 'Store Groups', and 'Store Collection'. The 'Stores' link is highlighted with a red box. The main panel has a 'Stores Search' section with a tree view containing 'Store Alignment', 'Store Type Breakdown', and '13 Month(Merchandising Comp)'. Under 'Store Type Breakdown', 'All Stores' is highlighted with a red box. To the right of the tree view is a 'Selected Locations :' section with a list containing 'All Stores' and a 'Clear All' button.

Ítems (Producto): Realizamos los filtros que se muestran a continuación:

The screenshot displays a software interface for configuring filters. On the left, a tree view under 'Items' shows various filter categories. Three items are highlighted with red boxes and numbered 1, 2, and 3:

- 1. **Cancel When Out** (Is One Of)
- 2. **Item Status** (Is One Of)
- 3. **Orderbook Flag** (Is Equal To)

On the right, a configuration window is shown. The top section is titled 'Please Enter Cancel When Out Flag - Y or N'. Below it, the configuration for 'Cancel When Out Is One Of' is displayed, including a text input field containing 'N'. At the bottom of the configuration window, a list of filters is shown, with the following filters selected:

- Item Status Is One Of A And
- Cancel When Out Is One Of N And
- Orderbook Flag Is Equal To Y And

- 1- Sólo ítems activos
- 2- No se consideran los ítems que se cancelarán al eliminarse el inventario.
- 3- Sólo se consideran los ítems que están seteados para ser comprados automáticamente,

5. Días de Inventario DOH

6. Filtrate centralizado

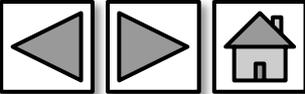

Department (Departamento): Indicamos al sistema que nos muestre la información de todos los ítems

*Columns *Department *Times Submit

The screenshot shows a software interface for configuring filters. On the left, a 'Department' sidebar is visible. The main 'Filters' list includes various categories like 'BDSS Item Group', 'Brand Desc', etc. The 'Item Nbr' filter is expanded, and the 'Is Not One Of' option is selected and highlighted with a red box. On the right, a configuration window for the 'Item Nbr Is Not One Of' filter is shown. The input field contains the value '0', which is also highlighted with a red box. Below the input field are buttons for 'Bulk Insert' and 'Regular Insert'. At the bottom of the configuration window are 'And' and 'Or' buttons. The main interface also features a 'Submit' button and a 'Select items by Wal-Mart item number.' prompt.

Filters → Item Nbr → "Is not One of" → Digitamos un 0 → And

Dado que "department" es un campo obligatorio (*), aplicamos un filtro "no filtro"

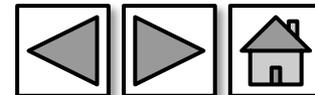

6. Filtrate centralizado

Times (Tiempo): Indicamos al sistema el rango de tiempo que queremos la información

The screenshot shows a software interface with a top navigation bar containing 'Columns', 'Department', 'Times', and 'Submit'. The 'Times' tab is active and highlighted with a red box. On the left, a sidebar lists 'Times' options: 'Time Range 1' (highlighted with a red box), 'Time Range 2', 'Time Range 3', 'Time Range 4', 'Time Range 5', 'Time Range 6', and 'Time Groups'. The main area displays a tree view under 'Time Range 1' with options: 'Future PO Ship WM Month', 'Future PO Ship WM Week', 'By Wal-Mart Month', 'By Wal-Mart Week', 'By Fuzzy Dates', and 'Pos Date. (mm/dd/yyyy) Time Range 1 Is Between' (highlighted with a red box). To the right, a form prompts 'Enter a valid date in mm/dd/yyyy format.' Below this, the text 'Pos Date. (mm/dd/yyyy) Time Range 1 Is Between' is followed by two input fields containing '05-01-2013' and '05-31-2013', both highlighted with a red box. Below the fields are 'And' and 'Or' buttons. At the bottom right, there are 'Modify' and 'Delete' buttons.

Ej: Si quisiera medir el FR de mayo (cajas recibidas durante mayo), debo extender el rango de tiempo, Ej: 20/4/2013 al 30/5/2013 (pues esas órdenes pueden haberse generado en Abril)

Cajas pedidas = Whse Qty Ordered (eaches) / VNPK Qty

Cajas recibidas = Whse Qty Received (eaches) / VNPK Qty

6. Fillrate centralizado

Con el objetivo de ordenar la información, hacemos una tabla dinámica filtrando por PO Cancel Date (para seleccionar el periodo en el que se quiere calcular el Fillrate) y PO number (para eliminar las PO que fueron canceladas, en caso que existiesen)

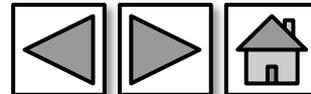

PO Cancel Date	(Varios elementos)					
PO Number	(Todas)					
Valores						
Vendor Nbr	Suma de Whse Qty Ordered (eaches)	Suma de Whse Qty Received (eaches)	Suma de Cajas pedidas	Suma de Cajas recibidas	Fill Rate	
000284	196.583	140.055	9.168	7.613	83,0%	
006440	2.912.788	2.098.297	1.061.243	864.435	81,5%	
010017	642.607	586.427	48.458	44.295	91,4%	
Total general	3.751.978	2.824.779	1.118.869	916.343	81,9%	

Fill Rate = Suma de Cajas recibidas / Suma de Cajas pedidas

7-Reporte Filtrate Directo

Este reporte pese a su nombre “Directo”, **no excluye** las órdenes de compra centralizadas. Muestra todas las órdenes de compra, que a diferencia del reporte “Filtrate centralizado”, si indica la información de locales.

7. Fillrate directo

Ingresamos a través de la opción “Store Detail” (Detalle tienda).

Ítems (Producto): Realizamos los filtros que se muestran a continuación:

The screenshot illustrates the configuration of filters for 'Items'. On the left, a tree view shows various folders. Three specific filter settings are highlighted with red boxes and numbered circles:

- 1. Under 'Cancel When Out', the filter 'Is One Of' is selected.
- 2. Under 'Item Size', the filter 'Is One Of' is selected.
- 3. Under 'Orderbook Flag', the filter 'Is Equal To' is selected.

On the right, a configuration window shows the following details:

- Text input: Please Enter Cancel When Out Flag - Y or N
- Section: Cancel When Out Is One Of
- IMPORTANT: hit ENTER to add to the list
- Format: N
- Buttons: Bulk Insert, Regular Insert
- Logic: And, Or
- Filter list: Item Status Is One Of A And, Cancel When Out Is One Of N And, Orderbook Flag Is Equal To Y And
- Buttons: Modify, Delete

1- Sólo ítems activos

2- No se consideran los ítems que se cancelarán al eliminarse el inventario.

3- sólo se consideran los ítems que están seteados para ser comprados automáticamente,

8. Instock

Locations (Locales): Indicamos al sistema que nos muestre la información de todos los locales. (ALL STORE)

Submit (Presentar): Finalmente guardamos y generamos el reporte

The screenshot shows a web form titled "Submit". At the top left, there is a "Title:" label followed by a text input field containing "instock". To the right of the input field are three buttons: "Run now", "View Status", and "Save". Below the input field and buttons are three columns of radio button options: "Delivery" (with options Browser, Quick View, AS2), "Format" (with options Excel, Excel 2007, Access, Text, HTML, Compressed), and "Schedule" (with options None, Once, Weekly, Monthly, Quarterly). Red rectangular boxes highlight the "instock" text, the "Run now" button, the "View Status" button, and the "Excel 2007" radio button.

Para ejecutar el reporte debemos seleccionar la opción "Run now" (**Correr**). Luego, podemos ver el status del reporte en la opción "View status" (**Ver Status**).

8. Instock

El resultado del reporte es el siguiente: En amarillo los campos calculados según formulas detalladas mas abajo

9. Profit

Times (Tiempo): Indicamos al sistema el rango de tiempo que queremos la información. En el ejemplo obtuvimos el profit (rentabilidad) de Mayo. No es el mismo del PNL dado que faltan logros (Allowances) y brecha entre otros.

The screenshot shows a software interface with several components:

- At the top, there are tabs for "Columns", "Department", "Times", and "Submit". The "Times" tab is selected and highlighted with a red box.
- On the left side, there is a list of "Times" options: "Time Range 1", "Time Range 2", "Time Range 3", "Time Range 4", "Time Range 5", "Time Range 6", and "Time Groups". The "Time Range 1" option is highlighted with a red box.
- In the center, there is a tree view under "Time Range 1" with sub-items: "Future PO Ship WM Month", "Future PO Ship WM Week", "By Wal-Mart Month", "By Wal-Mart Week", "By Fuzzy Dates", "Pos Date. (mm/dd/yyyy)", and "Time Range 1 Is Between". The "Pos Date. (mm/dd/yyyy)" and "Time Range 1 Is Between" items are highlighted with a red box.
- On the right side, there is a text box with the instruction "Enter a valid date in mm/dd/yyyy format." Below it, there are two date input fields. The first field contains "05-01-2013" and the second field contains "05-31-2013". Both fields are highlighted with a red box. Between the fields is the word "And". Below the fields are two buttons labeled "And" and "Or".
- At the bottom right, there are "Modify" and "Delete" buttons, and a scroll bar.

Ítems (Producto): Indicamos al sistema que nos muestre la información de todos los ítems

The screenshot shows a web interface with a top navigation bar containing tabs: Columns, Items, Locations, Times, Options, and Submit. On the left, a sidebar lists various filters under the heading 'Items', including 'Acct Depts', 'MDSE Cat INTL', 'Dept Category Group', 'Modular Depts', 'Filters', 'Linked Items', 'Activity Level', 'Events', and 'Item Groups'. The main area displays a tree view of filter categories. The 'Item Nbr' category is expanded, and the 'Is Not One Of' option is highlighted with a red box. To the right, a search form is visible with the text 'Select items by Wal-Mart item number.' Below this, a section titled 'Item Nbr Is Not One Of' contains an input field with the value '0', 'Bulk Insert' and 'Regular Insert' buttons, and 'And' and 'Or' operators. A red box highlights the input field and the 'Bulk Insert' button. At the bottom right, there are 'Modify' and 'Delete' buttons.

Filter → Item Nbr → "Is Not One Of" → Digitamos un "0" → AND

Columnns (Columnas): Seleccionamos las siguientes columnas:

12. Transferencias CD a local

12. Transferencias CD a local

Ítems (Producto): Realizamos el filtro correspondiente solo para productos centralizados.

The screenshot shows a software interface with several tabs: Columns, Items, Locations, Times, Options, and Submit. The 'Items' tab is selected. On the left, a sidebar lists various filters, with 'Filters' highlighted. The main area shows a tree view of filters, with 'Item Type' expanded to 'Is One Of'. A text box above the list says: 'Select items by order type. Example: warehouse(20,22,50), assembly(33,37), general distribution(03,07)'. Below this, there's a section for 'Item Type Is One Of' with a note: 'IMPORTANT: hit ENTER to add to the list'. A list of item types (20, 22, 33, 40, 42) is entered in the input field. The 'And' button is highlighted.

Ítems → Filter → Item Type → "Is One Of" → Digitamos los tipos de productos centralizados (20, 22, 33, 40, 42, 43) (Enter) → AND

	Warehouse Unit Information	Warehouse Nbr	Numero de Bodega	Centro de Distribución
Time Selección		Daily	Permite abrir el reporte por día	
		WalMart Week	Permite abrir el reporte por semana, usando la semana de Walmart	Las semanas comienzan los días Sábado y la semana 1 es el 1 de Febrero
		WalMart Month	Permite abrir el reporte por mes, usando el mes de Walmart	En base a 4,5,4 es decir 4 sem de febrero, 5 de marzo, 4 de abril, 4 de Mayo...
		Fiscal WalMart Quarter	Permite abrir el reporte por trimestre, usando el trimestre de Walmart	Es decir un período de tres meses 4-5-4
		Fiscal WalMart Years	Permite abrir el reporte por año, usando el año de Walmart	Es decir el período de 52 o 53 semanas que se inicia en la semana 1 (la que contiene el 1 de Febrero)
POS		POS Sales	La venta en pesos. Al igual que todos los valores monetarios en DSS,	
		POS Qty	Las unidades vendidas	
		Weekly COMP Store Sales	La venta comparable, agrupada en un nivel semanal	
		Avg Price	Precio promedio (POS Sales / POS Qty)	
		POS Cost	* Unit Cost, es decir que si cambia el costo del artículo, entonces este valor también cambia	
		Sell Thru	Venta en unidades, divide por los envíos en el mismo tiempo, expresado en %	

13. Glosario – Significado de variables

Carpeta	Sub Carpeta	Columna	Descripción	Comentario
Ships		Gross Ship Retail	Despachos a locales a \$ de venta, centralizados, directos o según su abastecimiento	
		Net Ship Retail	Gross Ship Retail - Devoluciones (excepto las devoluciones de los clientes al local)	
		Initial MU %	Margen Inicial: (Net Ship Retail - Net Ship Cost) / Net Ship Retail. En company Summary, el campo de llama Net Initial Margin (MU%)	
Inventory	Store On Hand	Curr Str On Hand Qty	Unidades disponibles para la venta en el local	
		Curr Traited Store/Item Comb	Indicador de "On Trait" para el local	Es decir si pertenece al surtido del local
		Curr Valid Store/Item Comb	Indicador que permite saber si el válido para el local	Desde el punto de vista de la reposición
		Store Weeks Supply	Semanas de Inventario	Para obtener los días de inventario hay que multiplicarlo por 7
		Curr Instock %	Valor actual de Instock	Si el artículo tiene al menos 1 unidad, entonces el Instock es 1 sino es 0
	Whse On hands	Curr Whse On Hand Cases	cajas disponibles en el centro de distribución	
	Store Inventory		Curr On Hand Qty	Unidades disponibles para la venta en todos los locales
Current Traited Store Cnt			Número de locales donde el artículo está en "On Trait"	Es decir que pertenece a la "Característica" o surtido del local
Current Repl Store Cnt			Número de locales en que el artículo es válido	Del punto de vista de reposición
Current Instock Store Cnt			Número de locales en que el artículo está en "In Stock"	Es decir que tiene al menos 1 unidad disponible
Instock %			% de locales que tienen al menos 1 unidad disponible: $\text{Instock Store Cnt} / \text{Repl Store Cnt}$	
Repl Instock %			% de locales reabastecibles (reposición automática) que tienen las unidades disponibles para soportar 1 día de venta.	Informa el valor actual así como valores históricos a nivel semanal
Cust Instock %			% de locales que tienen las unidades disponibles para soportar 1 día de venta, independiente del tipo de reposición	Informa el valor actual así como valores históricos a nivel semanal
WHSE Inventory		Current WHSE On	Cajas disponibles en todos los centros de distribución	

13. Glosario – Significado de variables

Carpeta	Sub Carpeta	Columna	Descripción	Comentario
On Order	PO Info	PO Number	Número de la orden de compra	
		PO Ship Date	Fecha de entrega (desde) de la orden de compra	
		PO Cancel Date	fecha de vencimiento de la orden de compra	
	Total Str Dist Orders	Total Whse Pack Qty Str Ordered	Cajas pedidas en ordenes directas	
		Total Whse Pack Qty Str Received	Cajas recibidas en ordenes directas	
	Total Whse Dist Orders	Total Whse Pack Qty Whse Ordered	Cajas pedidas en ordenes centralizadas	
		Total Whse Pack Qty Whse Received	Cajas recibidas en ordenes centralizadas	
Event Information		Event Description	Tipo de evento es decir tipo de "Markdown" (descuento)	Esta se usa en conjunto con la columna de la carpeta MU/MD Scannable Item (SI)
MU/MD Scannable Item		Si Total MUMD \$	Valor de Markdown	Evento de cambio de precio, como una rebaja, promoción, merma, transferencia, etc...
		MUMD as % of Sales	Valor del Markdown expresado en porcentaje de la venta	
Maintain Margin Measurements		Net Maintained Margin %	Márgen mantenido, es el margen de referencia bajo los conceptos de retail Accounting	Si bien en Store Detail no existe, se puede reconstruir mediante la fórmula $\text{Initial MU \%} - \text{MUMD as \% of Sales} * (1 - \text{Initial MU \%})$
Adjustments	Backroom Adjustments	Backroom Code	Si bien se llama "ajuste", los "Backroom Adjustments" se refieren a la merma. Este código identifica el tipo de merma: - 30: Factura / Transferencia Entre Locales - 42: Merma por vencimiento - 43: Merma por robo - 46: Reversa de merma (vencimiento o robo) - 49: Nota de Crédito / Transferencia Inter Secciones	

14-Ayudas

14. Ayuda – Consideración

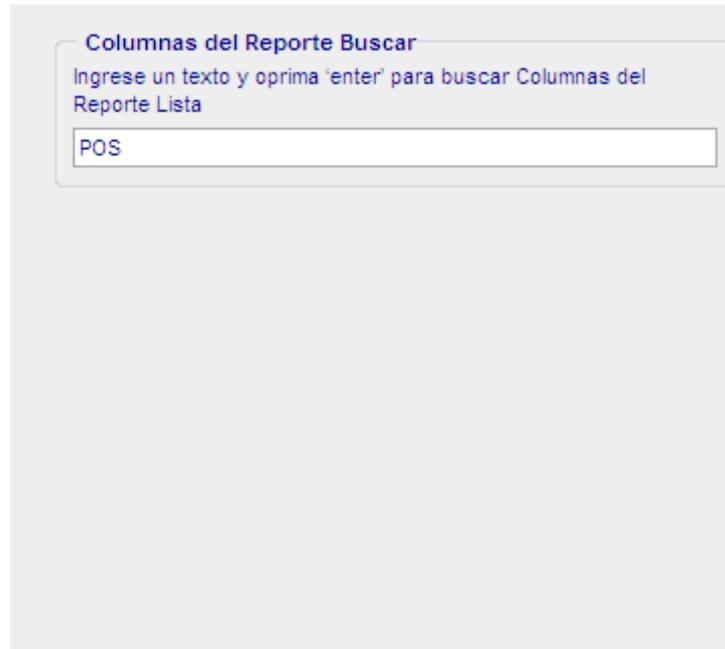

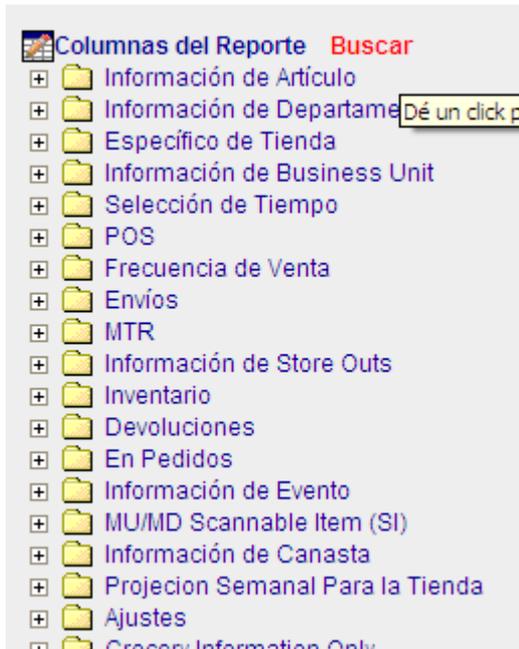

→ El explorador recomendado es Internet Explorer 8

→ Todos los campos que están expresados en \$, están divididos por 100. Para obtener el valor correcto debemos multiplicar por 100.

14. Ayuda – Buscar variables

Para poder buscar una variable dentro de la pestaña “Columnas”, tiene la siguiente opción.

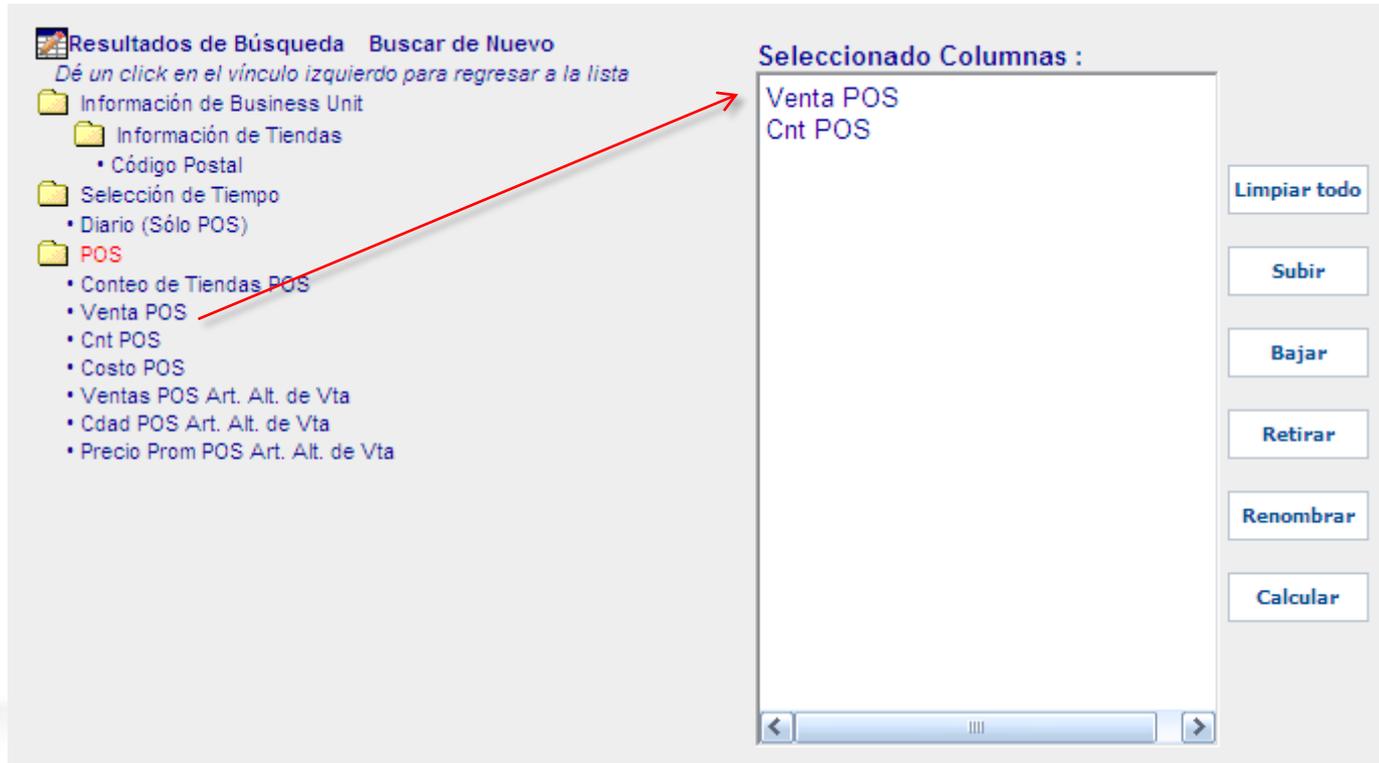

Después de ingresar el nombre de la variables seleccionar “Enter”. Mostrará todas las variables que contengan la palabra que se ingreso.

14. Ayuda – Buscar variables

Selecciona el campo que busca y pasará a columnas seleccionadas.

The screenshot shows a search results interface. On the left, under the heading "Resultados de Búsqueda" and "Buscar de Nuevo", there is a list of folders and items. A red arrow points from the "Venta POS" item in the "POS" folder to the "Seleccionado Columnas" panel on the right. The "Seleccionado Columnas" panel contains the text "Venta POS" and "Cnt POS". To the right of this panel are several buttons: "Limpiar todo", "Subir", "Bajar", "Retirar", "Renombrar", and "Calcular".

14. Ayuda – Guardar reporte

Para guardar un reporte que acabamos de ejecutar, debemos ingresar a la pestaña “Submitir” → Ingresar un nombre al reporte → “Salvar” para sobre escribir, o “Salvar Como”, para guardar con otro nombre.

The screenshot shows a web interface for saving a report. At the top, there are navigation tabs: 'Columnas', 'Items', 'Locales', 'Selección de Tiempo', 'Opciones', and 'Submitir'. The 'Submitir' tab is active. Below the tabs, the title 'Submitir' is displayed. A text input field labeled 'Título:' contains the text 'Reporte guardado'. To the right of the input field are four buttons: 'Ejecutar Ahora', 'Ver Estado', 'Salvar', and 'Salvar como'. Below the input field and buttons are three columns of radio button options:

- Entrega:**
 - Navegador

Ver el menú de reporte: Dé u

Aparece un menú emergente con 4 opciones: **Modificar**, **Submitir**, **Borrar**, y **Compartir**. En este caso seleccionaremos “**Modificar**”

14. Ayuda – Compartir reporte

Dentro de la carpeta “Mis Reportes”, Clic derecho sobre el reporte que queremos compartir.

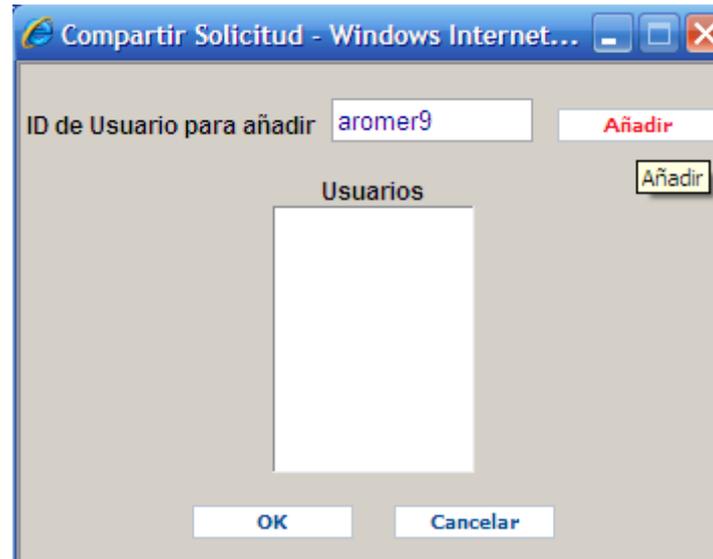

The screenshot shows the 'Retail Link' interface. At the top left is the 'Retail Link' logo. To the right, it says 'SMNA WM: 201425' and 'K2 Region - Spanish'. Below the logo is the text 'Soporte de Decisiones' and 'Vista Rápida Estado'. The main area is titled 'Creador de Reportes' and 'Mis Reportes'. On the left, there are filters for 'Aplicaciones' (Suporte de Decisiones), 'Paises' (K2 Region), and 'Divisiones' (Tiendas Wal-Mart). The 'Mis Reportes' section has a 'Buscar' button and an 'Actualizar reportes' button. A list of reports is shown, including 'Carpeta de reciclaje' and 'Informes (00 - Vt)'. A red arrow points to the '00 - CAJAS DESPACHADAS 14 JU' report, which has a context menu open. The menu options are 'Modificar', 'Submitir', 'Borrar', and 'Compartir'. The 'Compartir' option is highlighted in blue. On the right side of the interface, there are fields for 'del Fólder:', 'Nuevo', 'Rei', 'fólder nuevo: Ingres', 'Crear Nuevo', and 'ar Fólder: Dé un clic campo 'Nombre de Fólder' y o', 'Borrar un fólder: Dé in click e', 'Mover un reporte: Jale el nor colocar. Para mover una gra arriba en su teclado o use los', and 'Ver el menú de reporte: Dé u'.

Clic sobre la opción “Compartir”, aparecerá un recuadro donde debemos ingresar el usuario receptor.

14. Ayuda – Compartir reporte

Ingresamos el nombre de usuario → Añadir → OK.

El receptor tendrá el reporte de inmediato en su carpeta “Mis reportes”.

14. Ayuda – Programación

Pasos marcados con un * se deben ejecutar ahora o debe programar la solicitud.

Dentro de la pestaña "Submitir", En "Programar", debemos seleccionar la opción "Semanalmente".

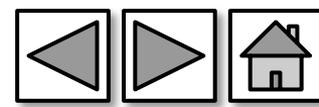

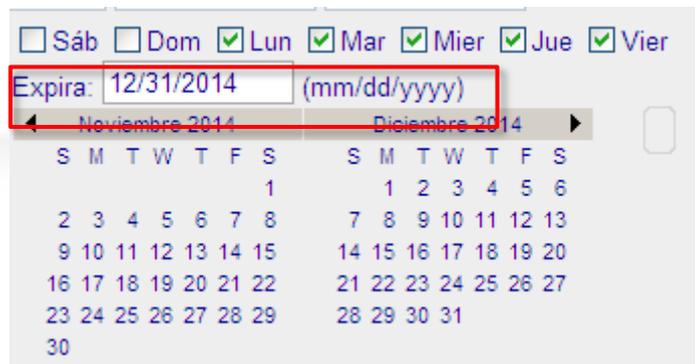

14. Ayuda – Programación

Al seleccionar “Semanalmente”, nos aparece un recuadro donde debemos agregar los días que queremos tener la información disponible, y la fecha de expiración de la programación.

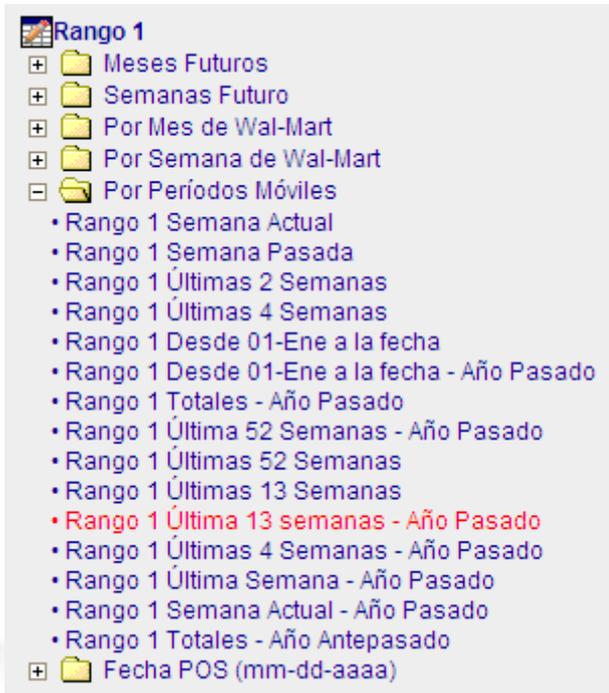

El recuadro debe quedar similar a:

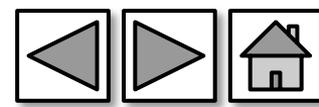

14. Ayuda – Programación

Una consideración al momento de programar un reporte es que en la pestaña “Selección de tiempo”, debemos utilizar las columnas que están dentro de la carpeta “Por periodos móviles”.

No se pueden ingresar rangos de fecha desde la carpeta “Fecha POS”, ya que son periodos fijos.

15. Preguntas Frecuentes

¿Qué hacer si no visualizo todas las carpetas u opciones que tiene la herramienta?

R: Verificar que se está utilizando internet Explorer 8 para la navegación, y que esta sea la versión N° 8.

¿Qué hacer si mi versión de internet Explorer es la N° 10?

R: Para realizar el cambio de versión del navegador, deberá verificar procedimiento indicado en el manual de usuario de DSS (Ayudas: cambiar de versión Internet Explorer).

¿Qué debo hacer si no puedo ingresar a retail link con mi contraseña?.

R: Para cambiar la contraseña debo ingresar al siguiente link y seguir los pasos indicados a continuación:

https://rllogin.wal-mart.com/rl_security/setPassword.aspx

Ingresar el usuario Retail Link que utiliza.

Deberá elegir la opción de PIN y luego ingresar el PIN correspondiente.

En el cuadro "Ingrese la información necesaria", deberá ingresar la nueva contraseña

La contraseña debe contener un mínimo de 7 caracteres

La contraseña no puede ser igual a alguna utilizada anteriormente

La contraseña **NO** debe contener 3 caracteres consecutivos de su nombre de usuario , nombre o apellido

La contraseña **NO DEBE** contener caracteres especiales del idioma español como la ñ o símbolos o signos de puntuación

La contraseña **DEBE** contener **AL MENOS** uno de los siguientes caracteres:

Al menos una letra en MAYUSCULA

Al menos una letra en minúscula

Al menos un carácter numérico

¿Qué hacer si no me acuerdo de PIN y no logro cambiar mi contraseña?.

R: Escribir un correo a retailinkchile@walmartchile.cl solicitando la actualización de esta.

¿Qué hacer en caso que mi cuenta no está mostrando toda la información?.

R: Escribir un correo a retailinkchile@walmartchile.cl solicitando la verificación de los vendors numbers (Código interno proveedor) asociados a mi cuenta.

¿Ante problemas con mi cuenta, a quién puedo solicitar información comercial mientras se soluciona el inconveniente?

R: La persona idónea para enviar información comercial es el comprador.
