  - Not a membership organization

- **Sedex Members Ethical Trade Audit**
  - Applicable for all product types
  - Audits conducted globally
  - Certification scheme
  - Not a membership organization

- **ICTI Ethical Toy Program**
  - Applicable to all product types
  - Audits conducted globally
  - Certification scheme
  - Not a membership organization

2. Complete a facility audit:

**Currently working with an audit program?**

Provide an existing report that meets Walmart’s requirements:
- current as defined by the Audit Program OR issued less than one year from the submit date (for programs without expiration dates) and,
- audits conducted after February 1, 2019, must be by an auditor registered by the Association of Professional Social Compliance Auditors (APSCA).
Check whether an auditor is APSCA registered [here](#).

**Not currently working with an audit program?**

Select an audit program from the list above and work with the program to conduct a facility audit with an approved firm.
To be accepted by Walmart, the audit must be conducted by an APSCA-registered auditor on behalf of an APSCA member firm. View APSCA audit firms [here](#). Confirm with your selected program that the approved firm and auditor are in good standing with APSCA.

3. Link Walmart in the audit program platform

Each audit program has a unique platform for suppliers to grant retail partners access to audit details. Suppliers should link Walmart to each factory for which an audit is submitted. Linking Walmart allows our team to validate reports. Instructions on how to link Walmart can be found in the audit program guide links in Step 1.

4. Submit your audit report via email

**Suppliers based in North, South & Central America:** rssfaam@walmart.com
**Suppliers based in China & Far East:** rssfascn@walmart.com
**Suppliers based in India, Europe, Africa, Middle East and all other countries:** rssfaain@walmart.com

**To be accepted, the email should include:**
- Full audit report (and any additional documents specified in the program’s resource guide)
- Walmart Supplier ID number (8-digit number)
- Supplier Name
- Walmart Factory ID Number
- Factory Name
- Audit Program Identification Number (ex. Sedex ID number)
- Audit Program Facility or Audit ID Number (helps Walmart cross-reference the facility or audit)

It is your responsibility to obtain the appropriate permissions necessary to share the full audit report with Walmart.
For more information, review the [Audit & Assessment Policy & Guidance](#).
