CARE OPTION

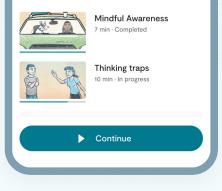

Guided Self-Care

Meet with your personal Lyra coach for a live video consultation to discuss your needs. Your coach will get to know you one-on-one so you can plan a path forward, together. After your initial session, your Lyra coach will craft a personalized six-week digital care plan with activities that directly address your goals. Work through your care plan at your own pace and on your own schedule. Your coach will keep you on track, provide specific feedback, and be available via messaging for questions and support.

This lesson explores the importance of emotions, the various parts of emotions, how anxiety and other uncomfortable emotions may be telling us something useful, and what we can do when emotions become overwhelming.

As you go through the lesson, consider aspects that might be relevant to your own experience and how you could apply the concepts in your own life.

Personalized self-care guided by a Lyra coach

Get started quickly

Start your mental health journey today with a consultation session followed by a six-week care plan.

$\hat{\cap}$

Guided by a coach

Personalized guidance and feedback via 1:1 messaging from your coach as you make progress on weekly activities, strategies, and video lessons.

At your pace, for your lifestyle

Flexibility to make progress in your care anytime, anywhere.

Having this resource available has been truly lifesaving. I would not have sought help if not for my company using Lyra to support mental health.
