Extraterritorial booklet-certificate amendment

Policyholder: Walmart
Group policy number: GP-0895530
Group control number: CN-0486824

Amendment effective date: January 1, 2025

This amendment is part of your booklet-certificate. It is effective on the date shown above and it replaces any other medical extraterritorial booklet-certificate amendment you may have received before.

Important note: The following apply only if you live in Pennsylvania. The benefits below will apply instead of those in your booklet-certificate.

The following has been added to or replaced in the *Coverage and exclusions* section of your booklet-certificate.

Nutritional support

For purposes of this benefit, “low protein modified food product” means foods that are specifically formulated to have less than one gram of protein per serving and are intended to be used under the direction of a **physician** for the dietary treatment of any inherited metabolic disease. Low protein modified food products do not include foods that are naturally low in protein.

Covered services include formula and low protein modified food products ordered by a **physician** for the treatment of phenylketonuria or an inherited disease of amino and organic acids. No deductible applies unless this benefit is provided under a qualified High Deductible Plan.

The following are not **covered services**:

- Any food item, including:
 - Infant formulas
 - Nutritional supplements
 - Vitamins
 - Medical foods
 - Other nutritional items

The following has been added to or replaced in the *Coverage and exclusions, Prescription drugs – outpatient* section of your booklet-certificate.

When **prescription** drugs are obtained at a **retail pharmacy** there will be no difference in **copayments, deductibles**, or maximum day supply than if you obtained the same **prescription** drugs using **mail order pharmacy**.

This amendment makes no other changes to the group policy, booklet-certificate or schedule of benefits.
