GET CARE MANAGEMENT THROUGH YOUR MEDICAL PLAN

Your Walmart medical plan offers critical care management services, including your own personal nurse care manager. This helps make sure you and your family get the most appropriate care, coordinated among all the various providers who treat you. Call your health care advisor at the number on the back of your plan ID card. If you're in an HMO, contact your plan directly.

GET A SECOND OPINION

Get your own personal healthcare assistant with Grand Rounds. Besides helping you find local doctors, you can use it to get a written second opinion from a leading expert, at no cost to you. They'll even collect medical records and work with you and your doctors on a treatment plan.

To help you avoid the risks of COVID-19, we're holding virtual support meetings on the third Friday of every month from 3 p.m. – 4 p.m. CT.
