

# GET YOUR MONEY. USE EVEN.

Walmart is partnering with Even, an app that plans ahead for upcoming bills and organizes your money, so you don't have to.

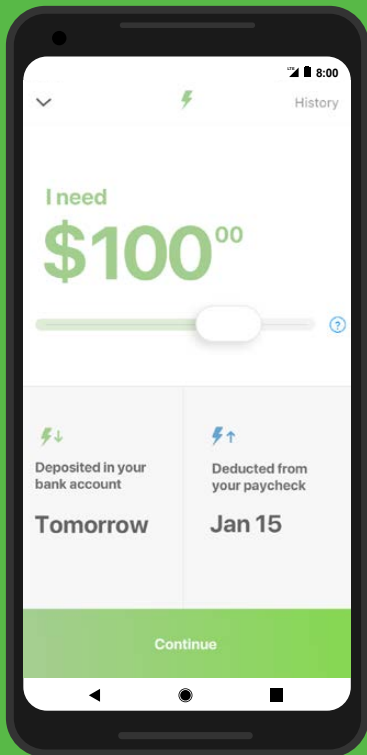

The Even app uses high-grade encryption to **securely connect to your existing bank account** through your smartphone.

Even has built-in intelligence that finds your bills, tracks your pay and tells you what is okay to spend. **Even does the hard work so that you don't have to.**

Even is **available for free to every Walmart associate**, hourly and salary.

With **Instapay**, you can get money you have earned before your scheduled payday.

## What is Instapay?

Instapay is part of the **Even Plus** subscription.

With Even Plus, you get **one Instapay per pay cycle** (between paydays).

Even Plus **lasts for 30 days** when you activate it.

**Get up to half of what you have earned** in your bank the same day or next business day.

## How can I use Instapay?

You get a **free month** of Even Plus when you sign in to Even as a Walmart associate.

You'll get a free month of Even Plus **every 90 days** after you first sign in.

You can accumulate **up to four free months**.
