8. I'm ready to get started with the Walton Life Fitness Pass. How do I sign up and start using it?

It takes a few simple steps to get started:

1. **Register:** Go to the Walton Life Fitness Pass page and choose the best member level for you and your family. Click the Register Now button and log in with your Walmart User ID and password.

2. **Get your membership card:** After registering, membership cards for each person are available in your member profile. Download the membership card or print it out to take to a participating fitness location.

3. **Find a gym:** Search for a fitness location to visit in your membership level. You can visit as many different locations as you want in your membership level!

4. **Get your sweat on:** Show your Walton Life Fitness Pass membership card to one of the participating locations on your first visit. You may be given a key fob or membership card for future visits to that location.

9. I already work out at a fitness facility participating in the Health’s Prime Fitness Network. I’d like to lower my membership fee with the Walton Life Fitness Pass. May I do that?

Yes! Register online at One.Walmart.com/FitnessPass.

Once you’ve registered, talk to your current fitness facility about converting your membership to being part of the Walton Life Fitness Pass program and start saving.

10. I'd like to use the Walton Life Fitness Pass, and currently work out at a fitness facility I don’t see listed as a participating network location. May I still sign up?

Yes. You’re welcome to sign up for the fitness pass. Since not every fitness facility has joined the Tivity Health’s Prime Fitness Network, you may have other options for participating locations in your area. Check out the search tool here.

11. Is it possible to nominate my current fitness facility to join the network?

Yes. You can nominate fitness facilities two ways:

- Call Tivity Health’s Customer Service at 833-236-0181; or
- Online at https://onlinesubmission.tivityhealth.com

Please check back in a few weeks to see if your nominated facility has been added by using the search tool.

12. Once I’ve registered and signed up for the Walton Life Fitness Pass, what can I expect with payments? Will my pass fee be deducted from my paycheck before tax or after tax?

Here’s what you can expect with your paycheck after registering:

- **Payment deduction timing**—it may take a payroll cycle to see the first fitness pass membership deduction, but you are able to start using your pass the day you enroll! Expect to see your first pass membership deduction within 30-days after registering.

- **Per paycheck deduction**—you’ll see the cost membership level amount you choose, consistently deducted each paycheck throughout your membership. Look for the deduction code Health Club Dues on your pay stub.
• **Deductions will be after tax**—this means you’ll see a payroll deduction on your paystub after your taxes have been deducted.

There are a few states where payroll deductions for the fitness pass are not yet available. If you live in California, Connecticut, Indiana, New Jersey, Massachusetts, or West Virginia, we’ve created an alternate payment solution for you.
